Sister Mary Kathleen and Sister St. Albert were in attendance at the Canadian Nurses' Association Convention in Sackville, N.B.

Agatha Murphy and Agnes O'Toole attended Brigid Rashotte's reception in Kingston.

Mary Cutler, '47, has entered the postulate of the Medical Missionary Sisters in Philadelphia, Pennsylvania.

Ada Brophy, Mary Barry, Bernice Hughes, Teresa B. Kelly, Ann O'Leary, Wilma Meraw, and Eileen Woodbyrne attended Teresa Charpentier's wedding in Montreal.

The Class of '38 held a re-union dinner at the King Edward Hotel on May 29th. Most of the class members were present including many from out of town.

A CORRECTION

Our apologies to Miss Claudia Flemming, '40. We reported her engagement as a wedding. This has never happened before and we are sorry for any inconvenience incurred through our error.

The Editor.

ARE YOU INTERESTED IN ARTS AND CRAFTS?

As a result of the interest at the last R.N.A.O. meeting, a course in arts and crafts is being arranged for the Fall for graduate nurses. The nurses themselves asked for this course and it will include leather work, painting, weaving and metal work. The cost will be $20.00 for the series, and will cover one night a week. It is hoped that it will be held in a central area somewhere in the vicinity of Bloor and Bay and also that two classes a day will be held in order to accommodate the variation in shifts. The cost of materials will be over and above the registration fee. Aside from the pleasure derived from this type of hobby many nurses feel that it will be a great help to them in helping their patients.

If interested watch for announcements re course or advise the Training School Office.

REDEDICATION AND MEMORIAL SERVICE

The National Memorial Service sponsored by the Canadian Nurses' Association, was held Sunday evening, May 2nd, in St. Michael's Cathedral. Bishop Webster honored the occasion. Rev. J. P. Hendriks conducted the devotions and Rev. J. E. MacGuigan, S.J., preached. Members of St. Michael's Hospital Student Body, St. Joseph's Hospital Student Body, St. Elizabeth Visiting Nurses' Association, were present in uniform and St. Michael's Alumnae was well represented throughout the large gathering.

ALUMNAE MEETING

The March meeting of St. Michael's Hospital School of Nursing Alumnae was held on March 9th, in the Nurses' Residence, Miss Veronica Murphy presiding.

The minutes of the December meeting were read and approved. The Treasurer's report was given by Miss Doreen Murphy showing a balance in the General Fund of $2,160.77, and in the Scholarship Fund of $1,092.05.

Sister Louise welcomed Miss Moore and Miss Harkness, members of the Alumnae who have returned after many years in New York City, to live in Toronto.

The Report on Nursing Education was given by Miss Grace Murphy.

Sister Mary Kathleen commented upon the many nurses away from the city who wrote to her saying how much they enjoyed the Alumnae News.

The correspondence was read by Miss Margaret Simpson Ray and included many letters of thanks for the Christmas boxes sent. Mrs. B. Lafontaine reported that 19 boxes were sent at a total cost of $86.02. Mrs. Romano moved a vote of thanks to Mrs. Lafontaine on behalf of the members for the splendid work done on the Christmas boxes.

Mrs. Romano reported that the Plan for Hospital Care would close March 15th.

A REUNION

On June the 14th, the class of 1928 celebrated their twentieth anniversary by chartering a bus to Brampton for a visit with Mary O'Hara Young.

Twenty of the twenty years ago class were present, and received a real welcome from Mary. The twenty were Mary Chambers, Audrey Crowley Daley, Blanche Cooney, Catherine Hammal, Marie Hickey, Marie Spratt Higgins, Marguerite Dwyer Johnson, Agnes Cawley Kelly, Mary Teaffe Knowlton, Bernadette McGrath Lindsay, Velma Brown Martin, Grace Murphy, Catherine Corrigan McElroy, Mary Gibbons O'Donnell, Ruby Price, Mary Quinlan, Annabelle Samson, Laura Hinds Sheppard, Agnes Ellard Sorensen, Mary O'Hara Young. Supper was served on the lawn, followed by the usual reminiscence.

We won't say that Margaret Dwyer Johnson came all the way from South America for the reunion, but it was very nice having her, and she certainly had the award for distance. Speaking of awards, Agnes Cawley Kelly had it for her family of six lovely children.

Our thanks to Mary Chambers for convening the party, and to Mary O'Hara Young and her family for the hospitality.

OUT-OF-TOWN LETTERS

Edmonton, Alberta

Dear Miss Bourdon—

This is just a wee note to tell you how much I enjoyed the last copy of "the News." It means a great deal to hear what is going on in the home school when one is as far away as I am. It would be wonderful to attend an Alumnae meeting again, although I probably wouldn't know very many now, but there would always be someone there, as I still recognize some of the names which appear on the "active" list.

Once again, many thanks for the "News" and do keep up the good work, as we far away watch for it.

All success to the Alumnae members,

Rita M. Ball, class of '33

9833 107th Street,
Edmonton, Alberta

Dear Sister Mary Kathleen—

I am enjoying the West immensely, the scenery here is beautiful. Although, I wasn't very impressed with Saskatchewan. I visited a friend in Wilkie, Sask., and while there had dinner with Dr. and Mrs. Bill Cunningham (Al O'-Brien). They have an adorable baby girl, Sharon, seven months old.

Please give my regards to everyone at St. Michael's.

Sincerely yours,
Doreen Costello

Box 821, Malartic, Quebec

The Editor, Alumnae News—

I am sending my new address as above. Thank you very much for forwarding the "News" to me. My husband is an engineer at the Malartic Goldfields Mine. Do you know of any other St. Michael's graduates in the vicinity? I have met quite a few in my travels and just wondered if there were any up here.

Sincerely yours,
Dorothea Burke (Dorothea Milligan)

Ed. Note—If anyone does know of any of the girls in or near Malartic will they write Dorothea?

Dundurn, Saskatchewan,

Dear Sister Mary Kathleen—

Many thanks for your best wishes for the baby, he surely is a 'contented' one. He is doing very well, and is no bother, either night or day. I feel fine and am getting more active every day.

Miss Schwanbeck, has been made Supervisor of the V. O. N. in Saskatoon and also was chosen as delegate to attend the V. O. N. Convention and 50th Anniversary activities being held in Ottawa. She plans on going to Toronto so you will most likely see her.

Do give my best regards to the Sisters and all at St. Michael's. I am sure everyone is busy getting ready for Graduation, and I know you have plenty to do. My best wishes to the Graduating Class, it brings back happy memories.

Sincerely,
Isabella Hildebrand.

112 Queen Street,
Trenton, Ontario

Dear Sister Mary Kathleen—

Next Fall I hope to take a public health course at McGill University. For the present, the Victorian Order of Nurses has sent me here for temporary work. It should prime me a bit for the year ahead, because one is apt to get a bit rusty in studying.

It was quite a surprise to find the nurse in charge here to be Miss Arminal Hay. So we have been recalling the old times on 3 C nights and talking about the other girls we knew then.

I was sorry to have missed you twice on my visit to Toronto. Maybe next trip I will be more fortunate.

Sincerely,
Mary Rose Fenton.

BREAKFAST GRADUATION MORNING

GRADUATION

The Fifty-Fourth Annual Graduation Exercises of St. Michael's Hospital School of Nursing took place in Convocation Hall, University of Toronto, on Wednesday, May 26, 1948. It was a beautiful day, warm and sunny.

Sixty-four nurses received their diplomas and pins at the Exercises. His Eminence James Cardinal McGuigan was Honourary Chairman, and Dr. Edward F. Brooks acted as Chairman. In his opening address, Dr. Brooks remarked that to date St. Michael's had graduated 1,816 nurses. Organ selections were played by Mr. Quentin MacLean. The Address to the Graduates was given by Reverend J. W. Dore, C.S.B.

Following the Graduation Exercises, a reception was held in the Nurses' Residence for the relatives and friends of the new graduates. Later, Benediction of the Most Blessed Sacrament in the Hospital Chapel, ended the day.

MESSAGE TO THE GRADUATE CLASS FROM THE ALUMNAE PRESIDENT

I welcome this opportunity to express my thanks to the Alumnae members for choosing me their President. I appreciate the honour and trust you have given me, and hope I may prove worthy of it.

To the graduates of 1948, may I say 'you have chosen the worthwhile profession of nursing with its sacrifices and its satisfactions. May you find happiness and success in attaining the goal of your endeavors. We welcome you as members of the Alumnae and trust you will find in its membership and activities, pleasure and satisfaction.'

INTERESTING STATISTICS

The aim of a prenatal clinic is not only to prevent maternal and infant mortality, but to improve mental and physical health. The difficulties in attaining this objective are not all medical — economical, educational and social factors are present in many cases.

For adequate medical supervision, diagnosis and treatment of complications of pregnancy the following are essential, efficient and specially trained personnel — obstetricians, pediatricians, nurses, dietitians and laboratory technicians, and provision for necessary care in the home. Unfortunately, these facilities are not available in all parts of Canada but the Dominion Government is giving consideration to this matter. One means used, especially in remote parts, is the distribution of informative literature. "The Canadian Mother and Child" by Dr. Couture is excellent and is provided gratis.

In Ontario and particularly here in Toronto, we are in a very fortunate position. The Provincial Government provides facilities whereby the expectant mother may have a complete physical examination free of charge. The city of Toronto provides specially trained nurses in health and social service for prenatal clinics, also nurses for supervision of mothers and babies in their own homes. The child health centre is available to baby from the time of discharge from hospital to school age.

St. Michael's prenatal clinic co-operates with the various governments and extends every facility to the expectant mother and her child. Complete physical examinations by an obstetrician, instruction in hygienic care by health service nurses, in dietary needs by dietitians, and assistance in economic and social matters by social workers, all combine to make our clinic an efficient and successful one.

Our student nurse is a very important person in the successful operation of the clinic. She is the person who meets and helps the mother in her visits to the clinic. Again in the admitting department, in the labour room, and during the mother's hospitalization, the student nurse, by her kindly approach and good nursing technique, contributes much to the welfare of the mothers and babes in hospital, and to their return home an asset to the community.

The following statistics are of interest:

Four chief causes of Maternal Mortality.

1. Fatalities from Abortion.
2. Infection.
3. Hemorrhage.
4. To Toxaeimia.

Four chief causes of Infant Mortality.

Prematurity — 66%.
Congenital Malformations.
Injury at Birth.
Infection.

What is the value of Vital Statistics?

That we may know the causes of maternal and infant deaths in order to eliminate them.

How are these rates computed?

Birth Rate .....Rate per 1000 population
Death Rate .....Rate per 1000 population
Maternal Death Rate..Rate per 1000 living births
Infant Death Rate ...Rate per 1000 living births

70% of Infant deaths in the first year of life occur during the **first month.** Therefore Hospital Statistics are higher.

The number of live births in 1946 in Toronto was the highest in 30 years.

The Maternal Death Rate was the lowest ever recorded in Toronto.

The Infant Death Rate has fallen 30% during the past ten years.

These results show the benefit of good health supervision. If the Housing conditions were better there would be a still lower rate.

At St. Michael's Prenatal Department last year... 251 Clinics were held and 5,873 visits were made.

70% of the mothers delivered returned for postnatal examination.

897 came for supervision... 724 were delivered in the Hospital... 85 others were delivered who received no supervision or were referred.

In 1947, 32 sets of twins and 150 premature babies were born at St. Michael's; 16 premature babies died; of the 20 babies who died, 80% were premature, and autopsy reports show hemorrhage in all cases; the other deaths were due to malformation. We are very proud that five 26 week fetuses lived. In 1946 seven lived.

The above statistics for St. Michael's speak well for all concerned, and especially the Student Nurse in her role of Health Teacher and Bedside Nurse.

Sister M. Vincentia.

In 1945 the Statistical Report for Canada was as follows:

MEDICAL STAFF APPOINTMENTS ST. MICHAEL'S

On July 1st, the University status of the chiefs of the three major services of St. Michael's Hospital was advanced from Assistant Professors to Associate Professors in the Faculty of Medicine of the University of Toronto. The doctors receiving this recognition were—

Dr. E. F. Brooks — Chief of Medicine; Dr. W. Keith Welsh — Chief of Surgery; Dr. F. J. O'Leary — Chief of Obstetrics and Gynaecology. Dr. J. Sullivan, Chief of Oto-Laryngology, was raised to the rank of Assistant Professor; Dr. R. G. C. Kelly, Chief of Ophthamology and Dr. E. H. Shannon, Chief of Radiology, were given the rank of Associate.

Other new appointments to the staff made jointly by the hospital and the University were: Dr. Donald Moran — Appointed to the Dept. of Medicine; Dr. H H. Campbell — Appointed to the Dept. of Surgery.

The total membership of the Active Staff, including consultants, is 57. The Interne Staff of 41 consists of: Three residents in the major services; four seniors (or graduates doing post-graduate work) in medicine and four in surgery; two in each of the following services — Obstetrics and Gynaecology, Pathology, Ophthalmology, Oto-Laryngology, and Anaesthesia; 21 on the junior Rotating Interne staff, 17 of whom are graduates of the University of Toronto, two from Laval, one from South America and one from the United States. There is also the voluntary medical staff of 25 who devote one morning or more a week in the Out-Patient Department.

IN MEMORIAM

A deep gloom was cast over the nursing community on Friday, May 28th, when it became known that Miss Anna Connor, one of the pioneer members of St. Michael's Hospital had passed away. Miss Connor had only been ill for two weeks and her death came as a great shock to her many friends.

Anna Connor was greatly beloved by all who knew her, her kind and gracious manner made her a favorite with all and she will long be remembered by her associates. On her graduation from St. Michael's in 1905, a successful nursing career was opened to her and until her retirement three years ago, the entire years were spent in different fields of nursing. After a period of private duty, she was appointed Assistant to the Registrar at the Central Registry of Graduate Nurses. In 1918 she joined the Department of Public Health for the city of Toronto. Her work was highly commended and she was appointed Superintendent of the Hillcrest District and later Supt. of the East End Division, a position she held until her retirement. She was a charter member of the Alumnae Association of St. Michael's Hospital, and an Honorary member for some years. The Alumnae Association extends sympathy to her bereaved family.

Requiem mass was sung by Rev. Monsignor Egan on Monday morning, May 31st, at Our Lady of Perpetual Help Church. Interment was made in St. Michael's Cemetery. R. I. P.

"In the sweet month of Mary
When nature was blooming
And hastily donning her gay garb of green
The bright angels called thee
Then answered "I'm coming"
And sped up to regions unseen."

ROSE SCOLLON

Rose Scollon who died in St. Michael's Hospital on May 9th, was the daughter of the late Mr. and Mrs. Michael Scollon, and the sister of the late Rev. L. Scollon, C.Ss.R., and the late Thomas Scollon.

She was born in Toronto and was graduated from St. Michael's Hospital School of Nursing in 1924. Following graduation, she obtained her New York registration, and did private duty nursing in New York City for a year. Returning to Toronto, she entered the St. Elizabeth Visiting Nurses' Association, and very successfully carried on her duties as a visiting nurse for over 13 years.

Later she was on the staff of St. Michael's for a short time and then did private duty nursing until ill health forced her retirement.

Let us remember Rose in our prayers as one who made a worthwhile contribution to her profession.

DOCTOR KENNETH HEARD

Dr. Kenneth McKellar Heard died at St. Michael's Hospital on April 23, where he had been a member of the department of anaesthesia.

Dr. Heard was born in St. Thomas, and received his early education in that city. He was graduated in medicine from the University of Toronto in 1922, having interrupted his studies to serve in the First Great War.

Dr. Heard was a past president of the Canadian Anaesthetists' Society and honorary treasurer of the Academy of Medicine. He was also chairman of the board of governors of the International Anaesthetic Research Society, and demonstrator in anaesthesia, faculty of medicine, University of Toronto.

He enjoyed an international reputation for his writings and contributions to the study of anaesthesia. He was the first to introduce intravenous pentothal anaesthesia, and was an authority on spinal anaesthesia.

Our sincere sympathy to Dr. Heard's wife and mother.

TRIBUTES

ANN M. CONNOR

Miss Anna M. Connor died in St. Michael's Hospital on May 28, 1948. She was an outstanding personality and stood high in her profession. Her qualities of mind and heart endeared to her colleagues, the public she so well served and to her many friends.

Miss Connor graduated from St. Michael's hospital in 1905. She did private nursing for five years and served as Assistant Registrar, Central Registrar for graduate nurses for another five years. In 1917, she joined the nursing staff of the Department of Health, City of Toronto. For one year she did District Public Health Nursing when she was assigned to the Hospital Health Service in St. Michael's. For nine years she gave excellent service in this position, and in 1926 she was made Superintendent in charge of Hillcrest District Office. In 1941, she was transferred to the Superintendency of the East End District Office where she remained until retirement in 1945.

The Director of Public Health Nursing in the Department of Health testifies to the efficiency of Miss Connor, and especially comments upon her kindness in dealing with student nurses and her colleagues on the staff.

Miss Connor was one of those souls who radiated goodness in her daily life. Efficiency never blunted her charity and her charity never impaired her efficiency. In nearly thirty years of public service she had great opportunity to display both these qualities. She was never found wanting. She was a deeply religious woman who expressed her faith in countless acts of kindness. She was loyal to her friends. The text that describes her is "In solicitude not slothful; in spirit fervent; serving the Lord."

ESTHER D. HOOEY

Miss Hooey died suddenly in Toronto on Sunday, May 2nd, 1948. She had attended church in the morning and made her usual weekly visit to St. Michael's Hospital in the afternoon.

Miss Hooey was born in Rosedale, Ontario, and received her education in Rosedale and Lindsay and came to Toronto in 1888.

She was the author of numerous short stories and articles published in Canada and the United States. She was a member of Cooke's Presbyterian Church, and a member of the Toronto Branch, Canadian Women's Press Club.

For more than fifty years Miss Hooey had been a regular visitor to St. Michael's Hospital, carrying little gifts and flowers to patients of the public wards. Many of us will remember Miss Hooey about the wards on her errands of mercy.

She is survived by two sisters, Miss Annie J. Hooey and Miss Madeline Hooey, to whom we extend our sincere sympathy.

REPORT OF THE ANNUAL MEETING OF THE REGISTERED NURSES' ASSOCIATION OF ONTARIO

The annual meeting of the Registered Nurses' Association of Ontario was held in the Royal York Hotel on April 22nd, 23rd and 24th, Miss Fidler, president, presiding.

The General Sessions on April 22nd were given to reports of the districts and committees, with discussions of same.

In the evening the annual dinner was held in the concert hall at which Doctor Van Wyck was the guest speaker — his topic "A Victorian Legacy."

Meetings of the sections were held on April 23rd followed by a general session of which Miss Jean Masten was the chairman. The topic for discussion was "Hobbies for Nurses." Miss Ruth Home, Executive Secretary of the Canadian Handicraft Guild of Ontario, gave a most interesting talk and demonstration on hobbies. In connection with this topic there was a display of "hobby work" by nurses. The afternoon session on April 23rd consisted of a panel discussion of which Miss Edna L. Moore was chairman. The subject of the panel was "Orthopaedics — Medical, Nursing and Community Aspects." The speakers were: Dr. A. W. Farmer, of the University of Toronto; Miss Jean Wilson, of the University School of Nursing; Miss Helene Snedden, District Superintendent, Victorian Order of Nurses, Hamilton; and Miss Gretta Ross, Director of Nurses, Ontario Society for Crippled Children, Toronto. The consensus of opinion expressed by panel speakers, was that by referral of handicapped children to orthopaedic centres, nurses of Ontario can help immeasurably in the prevention of crippling effects of congenital injuries and childhood diseases.

The morning general session of April 24th brought the convention to a close.

The retirement of Miss Matilda E. Fitzgerald was announced. Miss Fitzgerald has been secretary treasurer of the Registered Nurses' Association of Ontario for 21 years. Tribute to her service and leadership was expressed in a resolution.

The Association has contributed $10,843 to the War Memorial Trust Fund established nearly two years ago by the national body as a memorial to Second Great War Nurses. The trust fund is to supply text and reference books to nurses in devastated countries. The first shipment consisting of 22 libraries of 50 books each was sent forward last fall. Miss Madalene Baker, Registry Adviser, reported that 2 registries had organized group nursing.

Officers and sectional chairmen were elected as follows:

President—Miss Nettie Fidler, Windsor.
Vice-Presidents—Miss Edna Moore, Toronto.
Miss Rahno Beamish, Sarnia.
Secretary-Treasurer—Miss M. Fitzgerald.
Chairman-General—Miss Dorothy Marcellus, of Toronto.
Hospital & School of Nursing—Miss M. Kennedy, Toronto.
Public Health—Miss M. B. Hoy, Windsor.

Next annual meeting of the R.N.A.O. will be held in Ottawa during Easter week, 1949.
